

She Cares Super Summer Field Day

Good Day Ladies & Gentlemen,

I am coming to you on behalf of the She Cares Organization. I am putting on a event for the children of the community. This is a free event for families to bring their children out to participate in physical, active play for the day.

This event will give the children something fun and safe to do as well as teach families how to have fun without necessarily having to spend big money to do it. Good ole' fashion fun is what we call it.

I am reaching out to you concerning a sponsorship opportunity for this event. I know as business owners and pillars of the community you have a mission and desire to give back to the local community and we appreciate your support.

The support from your organization and others will allow She Cares to help children in our community who have the desire but not necessarily the resources, to obtain the information and activities provided for them out in the communities.

Your monetary donation will help make this event a success, for more details you can contact Essence Britton at 816.645.3183.

We are asking for pledges of \$50, \$75, \$100, \$200 & up. We appreciate whatever your heart and organization choose to give.

Thank you for your time & support,

Essence Bee

Owner

***Attached are details about the event that you will be sponsoring. ***
